 ARTICLE VI. - ZONING
 DIVISION 6. - ZONING DISTRICTS AND OFFICIAL ZONING MAP

Subdivision 2. Traditional Zoning Districts

Sec. 10-6.612. Rural zoning district.

- (a) *Purpose and intent.* This section applies to the rural zoning district which includes undeveloped and nonintensively developed acreage remotely located away from urbanized areas containing majority of county's present agricultural, forestry and grazing activities. Land use intensities associated with urban activity are not anticipated during the time frame of the Comprehensive Plan, due to lack of urban infrastructure and services. Very low residential density (one unit per ten acres) and small scale commercial activities designed to service basic household needs of area residents are allowed as are passive recreational land uses. Industrial and ancillary commercial land uses associated directly with the timbering and/or agribusiness are permitted. This district is intended to maintain and promote present and future agricultural and silvicultural uses and to prohibit residential sprawl into remote areas lacking basic urban infrastructure and services.
- (b) *Allowable uses.* For the purpose of this article, the following land use types are allowable in this zoning district and are controlled by the land use development standards of this article, the Comprehensive Plan and chart of permitted uses.
- (1) Agricultural.
 - (2) Minor commercial.
 - (3) Low-density residential.
 - (4) Passive recreation.
 - (5) Active recreation.
 - (6) Community services.
 - (7) Light infrastructure.
 - (8) Heavy infrastructure.
 - (9) Post-secondary.
- (c) *List of permitted uses.* Some of the uses on these schedules are itemized according to the Standard Industrial Code (SIC). Allowable uses, appropriate permit level and applicable development and locational standards in the rural zoning district are as follows:

P = Permitted use

R = Restricted use

S = Special exception

Legend					
Ag	=	Agricultural	CS	=	Community services
MC	=	Minor commercial	LI	=	Light industrial
LR	=	Low-density residency	LF	=	Light infrastructure

Adjoining lower intensity use						
Building	—	15	100	—	—	—
Parking	—	15	100	—	—	—
Maximum percent impervious surface area	30	30	30	30	30	30
Maximum height at building envelope perimeter	35	35	35	35	35	35
Maximum height per additional setback	1'/1'	1'/1'	1'/1'	1'/1'	1'/1'	1'/1'
Total maximum height	—	45	45*	45	—	—
Minimum lot area (acres)	10.0	0.5	10.0	1.0	0.5	0.5
Minimum lot frontage	15	40	100	—	15	15

* This height applies to habitable portion of an industrial structure.

(f) *Development standards.* All proposed development shall meet the commercial site location standards (section 10-6.619); buffer zone standards (section 10-7.522); and the parking and loading requirements (Subdivision 3 of Division 5 of Article VII).

(1) *Mining activities.*

- a. All mining activities as defined on the schedule of permitted uses must meet the specific development standards, as follows upon review and approval by the Board of County Commissioners following a duly noticed public hearing. This includes SIC items 144 and 145.

- CODE OF LAWS
Chapter 10 - LAND DEVELOPMENT CODE
ARTICLE VI. - ZONING
DIVISION 6. - ZONING DISTRICTS AND OFFICIAL ZONING MAP

Subdivision 2. Traditional Zoning Districts

- b. A plan must be submitted demonstrating protection of adjacent properties and public interest which shall include, but not be limited to the following:
 - 1. The mining activity, all accessory uses and structures, internal roadways, and driveways onto the adjacent streets shall be set back a minimum of 100 feet from the perimeter property boundaries or 200 feet from the nearest off-site residence, residential zoning district, or subdivision intended primarily for residential land use, whichever distance is greater. This setback standard may be reduced if less of a setback is approved in writing by the adjacent property owner or owners prior to site plan approval or if the adjacent property is also used as a mining activity.
 - 2. A plan of vehicular access to and from the site demonstrating that heavy trucks and equipment will not travel on that portion of a local or minor collector street with frontage containing residential land use, zoned for residential land use, or containing subdivision lots intended primarily for residential land use. For purposes of this requirement, local and minor collector streets shall be those identified in the local government Comprehensive Plan and the Tallahassee-Leon County Long Range Transportation Plan.
 - 3. A land reclamation plan shall be submitted demonstrating that upon termination of the activity the land shall be returned to a condition that will allow an effective reuse comparable to surrounding properties.
 - 4. *Fencing requirement:* All areas proposed for use in open-pit mining operations and/or construction and demolition debris disposal must be secured by a fence, unless the area is determined by the county administrator or designee to be a reclaimed open-pit mine. The fence must be at least four feet in height with openings that will reject the passage of a seven-inch diameter sphere. The fence must be equipped with a gate which shall remain locked when workers or employees of the land owner or mining company are not present at the site. At every gate or access point, at least one sign must be posted which states, in at least four-inch tall letters, "Danger," "Keep Out," "No Trespassing," or similar language indicate that there may be hazardous conditions on the premises.
- (g) *Restricted uses and special exception uses.* If uses are restricted or are special exception uses according to the schedule of permitted uses, they will not be allowed unless they follow the general development guidelines for restricted uses as provided in this division or for special exceptions as provided in this subsection. Specific restricted uses are addressed in this division.
 - (1) *Lumber and wood products.*
 - a. A plan must be submitted demonstrating protection of adjacent properties and public interest which shall include, but not be limited to the following:
 - 1. All buildings and outside activities associated with the use shall be set back a minimum of 200 feet from the nearest off-site residence or subdivision intended primarily for residential land uses.
 - (2) *Camps and recreational vehicle parks (SIC 703).*
 - a. A plan must be submitted demonstrating protection of adjacent properties and public interest which shall include, but not be limited to the following:
 - 1. Sanitary facilities shall be provided.
 - 2. Not more than ten campsites per acre shall be provided.

- CODE OF LAWS
Chapter 10 - LAND DEVELOPMENT CODE
ARTICLE VI. - ZONING
DIVISION 6. - ZONING DISTRICTS AND OFFICIAL ZONING MAP

Subdivision 2. Traditional Zoning Districts

3. Individual campsites, roadways, and accessory structures shall be located to meet the minimum building setback standards from the exterior property lines of the campground.
- (3) *Heavy construction equipment rental and equipment rental and leasing (SIC 7353 and 7359).*
- a. A plan must be submitted demonstrating protection of adjacent properties and public interest which shall include, but not be limited to the following:
 1. Such equipment rental and leasing must be associated with timbering and/or agribusiness.
 2. A plan of vehicular access to and from the site demonstrating that heavy trucks and equipment will not travel on that portion of a local or minor collector street with frontage containing residential land use, zoned for residential land use, or containing subdivision lots intended primarily for residential land use. For purposes of this requirement, local and minor collector streets shall be those identified in the local government Comprehensive Plan and the Tallahassee-Leon County Long Range Transportation Plan.

(4) Retail Trade

- a. A plan and supporting narrative must be submitted pursuant to the Type B site and development plan process that demonstrates compliance as applicable with the following:
 1. Free-standing onsite signs shall be limited to monument-style signs and the sign base shall be consistent with the materials and design context of the primary onsite building. Signs shall be illuminated with externally mounted lighting focused on the sign in a manner that limits off-site illumination. Internally illuminated signs and pole signs are prohibited.
 2. Building design including any proposed accessory buildings and structures shall reflect or compliment the local vernacular architectural style. Building façade treatments and materials shall provide architectural interest through, but not limited to: the utilization of fenestration that allows for natural surveillance and gabled or parapet roof treatments. Flat roof treatments are prohibited.
 3. Onsite lighting including 24-hour security lighting shall be wall mounted with illumination focused on the building in a manner that limits off-site illumination.
 4. Perimeter buffering and/or fencing requirements shall be based on the density of the adjacent residential uses. If the adjacent density is one residential unit per two acres or less, a Type C buffer shall be required. A wooden buffer fence may be utilized on sites where the required vegetative buffer cannot be established based on site limitations or constraints.
 5. The trash collection dumpster shall be assessable to waste collection vehicles, and shall be located in the side or rear setback area of the onsite principle building. The dumpster shall be screened with a material and design treatment consistent with the building façade of the principle building.
 6. All appurtenant mechanical and electrical equipment, outside collection/drop-off/storage areas, and other accessory or ancillary structures shall be screened from

- CODE OF LAWS
Chapter 10 - LAND DEVELOPMENT CODE
ARTICLE VI. - ZONING
DIVISION 6. - ZONING DISTRICTS AND OFFICIAL ZONING MAP

Subdivision 2. Traditional Zoning Districts

- public view. The screening material shall be consistent with the materials and design context of the primary onsite building.
7. The site design shall integrate internal and where appropriate external pedestrian circulation and interconnection including the accommodation of bike circulation were applicable.
 8. The hours of operation shall be limited to 6:00 am to 10:00 pm.
 9. The site shall be designed were applicable to provide a cross- access easement to adjoining property in the commercial node. The cross access easement shall be improved to the property boundary.
 10. Other site design treatments and considerations as may be applicable to the proposed use and shall be identified during the proposed project's application review meeting.
- b. For a proposed gasoline service station with or without a convenience store, in addition to the development guidelines outlined in paragraph a., must also demonstrate compliance with the following criteria, guidelines and standards on a plan and supporting narrative submitted pursuant to the Type C site and development plan review process:
1. The number of fuel pump islands shall be limited to three with each pump island limited to two fueling positions or six total fueling stations.
 2. The fuel pump island awning design standards shall include, but shall not be limited to, materials and contextual design integrated with the onsite building facade treatment. The fuel pump island awning height shall be limited to 18 feet as measured from grade. The fuel pump island awning lighting shall be designed in a manner that reduces off-site illumination.
 3. The hours of operation shall be limited to 6:00 am to 12:00 am.
 4. Accessory structures and ancillary uses such as, but not limited to, vehicle washes (attached or stand-alone) and multi- unit vacuuming stations are prohibited.
 5. Free-standing lighting in the parking areas, drive isles, or other onsite areas shall be limited in height to 15 feet as measured from grade, and shall be designed in a manner that reduces off-site illumination.
 6. A convenience store proposed with a gasoline service station shall be limited to a maximum of 3,000 square feet excluding the area covered by the fuel pump island awning.

(Ord. No. 07-20, § 2, 7-10-07; Ord. No. 08-17, § 2, 7-22-08; Ord. No. 09-02, § 1, 1-15-09)
